

Animal Collective, Chores

If I, if I think too fast
Take what's in my head
I've got two things in my head's end
If I think too fast
Take what's in my head
I've got two things in my head's end
Now I've got these chores
And I'm not gonna hurt no one
And when at last my work is done
Now I've got these chores
And I'm not gonna hurt no one
And when at last my work is done
If I (x9)
If I think too fast
Take what's in my head
I've got two things in my head's end
If I, if I think too fast
Take what's in my head
I've got two things in my head's end
Now I've got these chores
And I'm not gonna hurt no one
And when at last my work is done
Now I've got these chores
And I'm not gonna hurt no one
And when at last my work is done
If I (x36)
I only want the time
To do one thing that I like
I want to get so stoned
And take a walk out in the light drizzle
At the end of the day
When there's no one watching
At the end of the day
When there's no one watching
