

# Animal Collective, Whatddit I Done

it's night time  
where i park outside  
what have i done in the last day time?  
where am i out in the night time?  
going crazy,  
on a free fall,  
they are dancing  
at the wrong maw  
with the right girl  
and the low and mine  
and they left the stall  
and it's doing time  
ease and let me in  
i love when we come  
and it's good so  
and it cures stress too  
and it blows your mind  
it's a neat time  
any wish now  
we've got free hands  
go and need hands  
is where we were  
out takin' these times  
it's a good time  
when new call  
where we come to say  
that i need ya  
and i need ya  
when i need ya  
and i need ya  
when we need ya  
do i need ya  
yeah i need ya  
do i need ya
