

# Anja Garbarek, Something Written

There was something  
Written down  
Somewhere.  
I dont quite remember where.  
But,  
Thats not so important  
Now is it?

There was something  
Written down  
Somewhere.  
I dont remember who  
Wrote it,  
Nor the year.  
And I cannot recall  
Word  
By  
Word  
What it was.  
But,  
It brought a feeling of  
Its difficult  
To explain.  
But,  
I sort of had the  
Urge to,  
Well,  
Write it down.

And perhaps  
Even memorize it,  
So that  
I could  
Impress you

There was something  
Written down  
Somewhere.  
I dont quite remember where.  
But,  
Thats not so important  
Now is it?

As long as there was something written  
Down!
