

# Anjali, Aint No Friend

So many people tried to stop me  
Doing what i wanna do  
Cause i put my faith in everyone  
And now i can see right through  
Cause each one of you took a part of me  
And tried to put me down  
But i'm gonna rise above the skies  
Cause now i wear the crown

I know and i can see  
What everybody has done to me  
I know and i will be  
I've got my mata... And she's with me

You tried to be a friend of mine  
But i can see right in your eyes  
You lie, you're sly, you try to deny  
And you ain't no friend of mine  
So don't try and build a fire  
In that cave you call your soul  
The knight pulls down  
The shadow of swords  
And you know you'll never win this war

I know and i can see  
What everybody has done to me  
I know and i will be  
I've got my mata... And she's with me
