

# Anjulie, Addicted 2 me

Verse 1:

Like water to earth spiders to dirt,  
My love's like a force that can't be disturbed  
The more that it yearns the more that it burns,  
More that a love like mine must be returned  
No I don't wanna see nobody but me,  
Next to you it's much more than jealousy  
It's the air that I breathe, fire in me, baby I'm not gonna stop

Chorus:

Til you're addicted to me like the sand to the sea  
And everything that you see is a vision of me  
You're addicted to me like a fatal disease  
Until your love for me is a love like mine  
(Nobody gotta a love like mine for you, nobody gotta a love like mine  
Nobody gotta a love like mine, a love like mine)

Verse 2:

I'm here at your door down on the floor,  
Needing you more and more and more and more  
I'm so high for you, so high so high so high

Chorus:

Til you're addicted to me like the sand to the sea  
And everything that you see is a vision of me  
You're addicted to me like a fatal disease  
Until your love for me is a love like mine  
(Nobody gotta a love like mine for you, nobody gotta a love like mine  
Nobody gotta a love like mine, a love like mine)  
(Nobody gotta a love like mine for you, nobody gotta a love like mine  
Nobody gotta a love like mine, a love like mine)

Bridge:

Got a love in my eyes a love like mine,  
Love in my soul you make me whole  
Got a love in my eyes a love like mine,  
Love in my soul you make me whole

Chorus:

Til you're addicted to me like the sand to the sea  
And everything that you see is a vision of me  
You're addicted to me like a fatal disease  
Until your love for me is a love like mine  
(Nobody gotta a love like mine for you, nobody gotta a love like mine  
Nobody gotta a love like mine, a love like mine)  
(Nobody gotta a love like mine for you, nobody gotta a love like mine  
Nobody gotta a love like mine, a love like mine)

I got love in my eyes (we'll see)

I got love in my mind (addicted to me)

I got love in my soul (we'll see)

You make me whole
