Hold Me Till The Morning Come

Two broken hearts, neither one knows what to say

Both folly from love, but not quite all the way

Look at us now, reaching back for yesterday

Wondering to know if the other wants to stay

After all, I'm the one who said we're through

Now I can't live without you anymore

And all there's lost, is a dream that can't come true

Is it worth i'm reaching for?

Don't you want me anymore?

Darling hold me till the morning comes

Until I see a smile

Take all the sadness from your eyes

Hold me till the morning sun

Let me stay we've just begin

Ooh...

Where shall we start

To attain the world that we could share

If you believe, in time we will get there

Look at us now, wanting more than words can say

Both falling in love, though this time all away

All there last, are the words i still love you

And the world we're reaching for

Do you love me anymore?

Darling

(2x)

Hold me till the morning comes

Until i see a smile

Take all the sadness from your eyes

Hold me till the morning sun

Let me stay we've just begin

I want you stay with me

(Repeat till end)

Would you love me in the morning?

Will you still be there in the morning?

Or would you leave without a morning?

Say you love me too
