

Ann Beretta, Straight Shooter (Election Day)

When you don't know & we're out of time and you don't show and we're hung to dry we take it
with our fists held high singing to a chorus of one tonight
you know it's too late & we don't shoot straight we take it too the streets tonight
we're six guns south with our pistols by our sides, we pledge allegiance, freedom reigns tonight
right or wrong heads too strong & we don't look back
and we're throwin' it all away
on election day
we led astray.
