

# Ann Lee, I Love You So

I feel that I'm at the start of things  
in a matter of time - I'll be feeling alright  
it's wonderful that you're needing me  
I can feel all my soul go surrender to you  
Well I can't sleep till I find you  
Don't you see you're the reason for this  
Well don't you keep love inside you  
( 'cos I) feel all your bliss  
And you're all that I wish  
That's why in my body  
sentiment can grow  
'cos I feel that you want me - hey hey  
and that I love you so  
That's why in your body  
and all the things you do  
show me that you want me - hey hey  
'cos I love you so  
I feel that life has begun for me  
'cos a feeling is born - I'm no longer alone  
it's magical that you search for me  
and I open my heart for you never to part  
Well I can't sleep till I find you  
Say that we'll be together someday  
Well don't you keep love inside you  
'Cos I feel all your bliss  
And you're all that I wish  
I surrender me to all the things I feel inside  
you know it washes over me and makes me feel so alive  
like a river calm you know I swim in waters warm  
because the only thing I know  
is that I love you so
