

Ann Nesby, Hold On

Hold on
Be strong
What you're goin' through can't last that long
Hold on
Be strong
All ya need to know you're not alone
Now when you're feelin' like
You can't go on
Search inside your soul
You'll find the strength to carry on
Endure the hard times
Like a good soldier
Then you can tell the world
How, you made it over. . .
Hold on
Be strong
What you're goin' through can't last that long
Hold on Be strong
All ya need to know you're not alone
This life may not be easy
Who told you it would be
Just keep your head up high
Everything will be alright
I told you once to
To believe in yourself
And the power in the sky
Do you believe!
Hold on
Be strong
What you're goin' through can't last that long
Hold on
Be strong
All ya need to know you're not alone
