

Ann Winsborn, Everything I Do

You that came inside my mind and played with me til you found a meaning to say goodbye
I wonder why, where is the love we shared you never seemed to care
Everything I do I do for you Every little thing you want me to Everything I do I do for you
I just cant take my eyes of you cause you may hurt me to
You, the man I wont replace Ill never have to face youre reason to say goodbye, but
I wonder why, where is the love we shared you never seemed to care
I do it for you, do it and do it and do it for you
