

Anna Grace, Let The Feelings Go

Even when your heart is aching
Even when the clouds are fading
I wont let u down
I will be around
You gotta let it go
Let the feelings grow
Dont need to run away
You gotta understand
Ill be here till the end
Im here to stay

Chorus (2X)

Let the feelings go
Let the feelings go
When the music starts
Cuz it feeds your soul
When the moon is bright
Then the feelings right
Deep in your soul

Even when your heart is aching
Even when the clouds are fading
I wont let u down
I will be around
You gotta let it go
Let the feelings grow
Dont need to run away
You gotta understand
Ill be here till the end
Im here to stay

Repeat(4X)

Oh

Uhhh

Chorus (REPEAT 4X)

Let the feelings go
Let the feelings go
When the music starts
Cuz it feeds your soul
When the moon is bright
Then the feelings right
Deep in your soul

Oh

Uhhh
