where you are baby, where you now
in the telephone box standing, yeah
where you are baby, where you now

not burning just waving
tears on your naked things
you're out.

baby, where you out, where you now.
putting your dresses on and going on
where you are baby, where you now
i'm still in love with you, o yeah
i'm crazy loving you, o yeah
and you go into try my face
you out, baby.

where you are baby, where you now
in the telephone box standing, yeah
where you are baby, where you now
as still as then, that smoke again.
not burning just waving
tears on your naked things
you're out.

where you out, baby where you now.
putting your dresses on and going on
where you are baby, where you now
i'm still in love with you, o yeah
i'm crazy loving you, o yeah
and you gonna try my face
you're out, baby.
and you gonna try my face
you're out, baby.
