

Anna Ternheim, Better Be

Me and you
I better laugh in twenty years from now
With some perspective and dedication
I will find somebody new

It better be someone special
He better be coming very soon
It better be for real this time
Oh I know, it always was with you

You or no one
I hope i'm wrong before i die of boredom
I want more than
Days and nights when i amuse
Myself alone

He better be someone special
He better be devoted just like you
It better be for real this time
Oh I know, it always was with you
You, you, with you

Friends forever, oh no
Another girl will change your mind
In less than half the summer
So before you fall in love, i wonder
When you asked for
Something that i couldn't give you
More of
Me and you
I talk as if it's now but nothing is new

She better be someone special
She better be more in love than me
And if i was your brightest hour
She is now, as far as I can see, see
As far as I can see
As far as I can see
She better be
She better be
She better be
She better be
