

Anna Tsuchiya, Knock Down

Is it just me who think this world?
Is it little bit too strange?
Is it just me who thinks this world?
Is way out of range?
What do you want to do?
Don't you want to change this reality? right.
Don't stand there gaping.
You've absolutely no use for them, find a way.
Can't you imagine you're in the depth of desire?
No you can't. Believe in your heart and your vision
Ready! Knock down the rival! This is your chance now!
Now is the right time. Free for fight
Break out this rule. We have many dreams
It's not time to behave. Catch the chance.
Who said that they're the Boss?
They are any humans. Oh baby, think for yourself
Call up a lot of your strength; shake a lot of your chain, right now! It's your life!
They can't change us they can only try
To understand us.
Look we are not meant to do,
What you want us to do
If you tell us to walk straight to do something you want
We won't move for you
Nobody can stop us
Nobody can catch us. Are you ready for us, find a way
What did you do when you were young?
You'll never be a perfect one. But you can be better then you are now!
Ready! Knock down the rival! This is your chance now!
Now is the right time. Free for fight
Break out this rule. We have many dreams
It's not time to behave. Catch the chance.
Who said that they're the Boss?
