

Anna Tsuchiya, Zero

My reality is something weird
My unfriendly smile on my way
Nothing new this wearisome day
This world is full of narcissist
The girls dressed are just a put-on
Oops! i'm all thumbs, i'm not like you
Everybody's raping me. everybody's lying to me
Everybody's looking at me. everybody's laughing at me
So what! don't care what people say.
I'm going my way. i believe in my way
I'm better than you guys
I'm living for my sake, not for their sake, yeah!
I'm finding my way. i'm finding my love
I'm not stupid like you
All that i need is, i only need is selfless love
All i don't need is, i only need is selfless love
They think i'm a lucky girl
But i'm just doing what i want
Hey everybody, they're jealousy about me
You guys are wrong, be truth to yourself
Throw your guns & weapons right now
Let's enjoy your beautiful life with me
Everybody hates me. everybody's waiting for me
Everybody's hurting at me. everybody's hunting for me
So what! please leave me alone!
I'm going my way. i believe in my way
I'm better than you guys.
I'm living for my sake, not for their sake, yeah!
I'm finding my way, i'm finding my love
I'm not cheap like you guys
All that i need is, i only need is selfless love
All i don't need is, i only need is selfless love
I'm going my way. i believe in my way
I'm better than you guys
I'm living for my sake, not for their sake, yeah!
I'm finding my way. i'm finding my love
I'm not stupid like you
All that i need is, i only need is selfless love
All i don't need is, i only need is selfless love
