

Anna Turska (Angie), Silver Dust

SILVER DUST

They told us to go around the stars
To learn how should it be
I wanna touch the Silver Dust before it disappears
I have my eyes now open wide
And ready to be near
I left my shield I left the stars
You make me to believe

I keep your words inside in me
I feel your body now
No time for lies
Make me believe
Don't wanna cry at night
And if we die and we will live
Don't need another liar
I know you're mine
I know you're mine
Mine!

No matter how hard we try to keep
The glamorous things inside
The truth will find the surface if
You let it touch the ground
Horizon far beyond my eyes
So close now in my dreams
I know this background from the stars
A shape of you and me

I keep your words inside in me
I feel your body now
No time for lies
Make me believe
Don't wanna cry at night
And if we die and we will live
Don't need another liar
I know you're mine
I know you're mine
Mine!
