

# Anne-Marie, Kiss My (Uh Oh) ft. Little Mix

Don't wanna hear one more lie  
That used yo work, but not tonight  
That's the last time you doing me wrong

Got my suff  
I a mat the door  
Now i am the one you're begging for  
Don't know what you got until it's gone

Already know how this goes  
Give you my all then you ghost  
But when I'm gone you do the most

Why you only love me  
When i am walking away  
Only ever want me  
When i don't wanna stay  
Love the feeling  
Hitting dofferent  
I am not ever looking back  
Wiile i am leaving  
See you staring  
Go Ahead boy you can kiss my  
you can kiss my  
you can kiss my

the onlu time i am in your head  
is when your alone up in your bad  
boy i ain't the one  
you got me wrong

you send me roses everyday  
but i know the game ypu play  
boy all ypu did make me strong

coz i  
Already know how this goes  
Give you my all then you ghost  
But when I'm gone you do the most

Why you only love me  
When i am walking away  
Only ever want me  
When i don't wanna stay  
Love the feeling  
Hitting dofferent  
I am not ever looking back  
Wiile i am leaving  
See you staring  
Go Ahead boy you can kiss my  
you can kiss my  
you can kiss my
