Anne McCue, Too Late For Love

Everybody said, don't be that girl
Don't be the one who goes too far
Just play it straight, don't make a fool of everyone
Just play it cool
But it's too late for love to save me
It's too late for me to save you baby
I'm not waiting for the law to take me
It's too late
The policeman says, put that thing down

Don't mess around, don't take the world on
You'll regret what you have done
And what you'll become
But I cannot stop
Now it's too late for love to save me
It's too late for me to save you baby
And everybody says I'm crazy
It's too late for love to save me
