Anne Murray, For No Reason At All

Sometimes I almost stop my breathin' When I think how much I love you And sometimes I feel like cryin' For no reason at all Sometimes I feel that I can't take it Seeing all that love coming back from your eyes And sometimes I feel like cryin' For no reason at all Sometimes I get a little crazy I think of you and my head gets hazy And sometimes I just can't think at all Ooh baby, I love you Sometimes when I feel myself reachin' for you I can't believe you're lyin' there beside me And sometimes I feel like cryin' For no reason at all Sometimes I get a little crazy I think of you and my head gets hazy And sometimes I just can't think at all Ooh baby, I love you Sometimes when I feel myself reachin' for you I can't believe you're lyin' there beside me And sometimes I feel like cryin' For no reason at all, for no reason at all
