

Anne Murray & Kenny Rogers, If I Ever Fall In Love

You, I know you're everything
That I've been looking for
And I, I look into your eyes
And could not ask for more
So, it's only fair to lay it on the line
Hold on, I'm gonna need a little time
But if I ever fall in love again
Sometimes when this broken heart can mend
I know it's gonna be with you
You're the one to pull me through
Though I don't know when
If I ever fall in love again
Scared, I guess I'm scared to fly
It's such a long way down
And yet, if you'd just trust in me
I'm sure, I'll come around
And I know when you're hurt
It's hard to let someone inside
In your arms I feel I'm ready now to try
So, if I ever fall in love again
Sometimes when this broken heart can mend
I know it's gonna be with you
You're the one to pull me through
Though I don't know when
If I ever fall in love again
I'd be a fool to ever let you go
You're the best thing in my life
When I know I gotta take it slow
I know it's gonna be with you
You're the one to pull me through
Though I don't know when
If I ever fall in love again
If I ever fall in love again
