

# Anne Murray, Me Too

I don't want to hear it  
No more fussin' and a fightin'  
Baby, hold me tight  
Let's let bygones be bygones  
Let's think about tomorrow  
Our future's bright  
Well, I know I was wrong  
I was such a fool, too blind to see  
You are the only one for me  
Ah, but now I've seen the light  
Everything's gonna be all right  
Baby, hold me tight
