

# Anne Murray, Now And Forever (you And Me)

Up until now I've learned to live without love  
Like a ship without a sail, wandering aimlessly lost  
I never knew how it felt to lose my control  
But now that I've found you, this is all so new  
You and me we've got a destiny  
Starting tonight, we'll be together  
You and me, this is what love should be  
And it's gonna be right now and forever  
Darlin', inside your eyes I can see mysteries there  
And you're melting the ice surrounding me, I'm no longer scared  
I feel you inside my soul and I'm captured tonight  
But don't let go, this is paradise  
You and me we've got a destiny  
Starting tonight, we'll be together  
You and me, this is what love should be  
And it's gonna be right, if you tell me  
There's a heaven up above, then that's what I'll believe  
'Cause you're the one thing that I'm so sure of  
I feel you inside my soul and I'm captive tonight  
But don't let go, this is paradise  
You and me we've got a destiny  
Starting tonight, we'll be together  
You and me, this is what love should be  
And it's gonna be right now and forever  
You and me we've got a destiny  
Starting tonight, we'll be together  
You and me, this is what love should be  
And it's gonna be right starting tonight
