

# Anneliese Van Der Pol, Over It Full

How could you know that behind my eyes a sad girl cried  
And how could you know that I hurt so much inside  
How could you know that I'm not the average girl  
I'm carrying the weight of the world, yeah  
So can you get me out of here

Take me away  
We'll jump in the car drive 'til the gas runs out  
And we'll walk so far  
That we can't see this place anymore  
Take a day off  
Give it a rest  
So I can forget about this mess  
If I lighten up a little bit  
Then I will be over it

I'm playing the role of the happy girl  
But no one knows  
Inside I'm alone  
But I would never let it show (never let it show)  
I dread everyday  
Too much work and not enough play  
Over and over it's always the same, yeah

But you can make everything okay  
Take me away  
We'll jump in the car drive 'til the gas runs out  
And we'll walk so far  
That we can't see this place anymore  
Take a day off  
Give it a rest  
So I can forget about this mess  
If I lighten up a little bit  
Then I will be over it  
Over it

And when the world is closing in  
I can leave it all and just walk away  
I can always start all over again  
I am closer to a better day..

Take me away  
Jump in the car drive 'til the gas runs out  
And we'll walk so far  
That we can't see this place anymore  
Take a day off  
Give it a rest  
So I can forget about this mess  
If I lighten up a little bit  
Then I will be over it

Take me away (x3)  
Jump in the car drive 'til the gas runs out  
And we'll walk so far  
That we can't see this place anymore  
Take a day off  
Give it a rest  
So I can forget about this mess  
If I lighten up a little bit  
Then I will be  
If I lighten up a little bit  
Then I will be  
Over it  
Over it

I am over it  
(over it)
