

Anni Rossi, Venice

Salt water arc
Is eaten away
From the flooding
Of the nearby sea
Museums are immersed
Only for a day
Brick and stone
We all fall down
City of love
Drowning below
Embodied walls
Miss the air and fall apart
All over again
Brick and stone
We all fall down
City of love
Drowning below
Brick and stone
We all fall down
O-hooo
City of love
Drowning below
Brrrrrrrr
