

# Annie, I will get on it

verse)

Well I know

it wasn't really meant to happen

I tried to

you never ever cared to listen

You say you don't want me around

when I am feeling down

and won't be there to hold my hand

If I don't see your face again

I guess I need a brand new friend

who will be there in every way

(chorus)

Hey come along and watch my game

why can't you see

I don't need anyone?

All on my own I will get on

remember you will be the only one

the lonely one

(bridge)

Ooh, why

you make it feel like it is

you and I

when there is nothing left to

what we had

it took me much too long to see

that I

I will get on

(verse)

Take your time

and realize your misdemeanor

Then you'll find

your selfish (???) days are over

If I could ever turn back time

I wish you could be my

everlasting, trusted friend

I must been blind I couldn't see

that you were never meant for me

How stupid could I be?

(chorus)
