## Annie Lennox, Little Bird

I look up to the little bird That glides across the sky He sings the clearest melody It makes me want to cry

It makes me want to sit right down

And cry, cry, cry

I walk along the city streets So dark with rage and fear

And I, I wish that I could be that bird

And fly away from here

I wish I had the wings to fly away from here

But my, my I feel so low My, my, where do I go? My, my, what do I know?

My, my, we reap what we sow

They always said that you knew best but This little bird's fallen out of that nest now

I've got a feeling that it might have been blessed so

I've just got to put these wings to test

For I am just a troubled soul

Who's weighted...

Weighted to the ground

Give me the strength to carry on

Till I can lay this burden down

Give me the strength to lay this burden down

Down, down, yeah

Give me the strength to lay it down

But now, now I feel so low

now, now, where do I go?

now, now, what do I know?

now, now, we reap what we sow

They always said that you knew best but This little bird's fallen out of that nest now

I've got a feeling that it might have been blessed so

I've just got to put these wings to test
