

Annie Lennox, Wonderful

I want to have you, cause you're all I've got
I don't want to lose you, cause it means a lot
All the joy this world can bring
Doesn't give me anything
When you're not here

Idiot me
Stupid fool
How could you be
So uncool
To fall in love with someone
Who doesn't really care for you
It's so obscure

But I feel wonderful
Yes, I feel
Don't you know I feel
Wonderful

(Chorus:)
God it make's me feel so blue
Everytime I think about you
All of the heat over my desire
Smokin' like some crazy fire
C'mon kid look at me where I stand
Can't you see my heart burnin' in my hand
Do you want me, do you not
Doesn't feel cold, baby doesn't feel hot

I want to hold you, then be so held back
Don't want to need you, but it's where I'm at
Thinkin' about you everyday
How come I was made that way
So surreal

But I feel
(you know it makes me feel so, you know it makes me feel so)
Wonderful
Yes I feel
(you know it makes me feel so, you know it makes me feel so)
Wonderful

CHORUS x2
