

Annie Lennox, Wonderful (Dave Aud? Mixshow)

I wanna have you 'cause you're all I've got
Don't wanna lose you 'cause it means a lot
All the joy this world can bring doesn't give me anything
When you're not here
Idiot me stupid fool
How could you be so uncool?
To fall in love with someone who
Doesn't really care for you, it's so obscure
But I feel wonderful
Yes I feel
Don't you know I feel wonderful
I wanna hold you and be so held back
Don't wanna need you but it's where I'm at
Thinkin' 'bout you every day
How come I was made that way? It's so surreal
But I feel wonderful
Yes I feel
Don't you know I feel wonderful
It makes me feel so blue
Every time I think about you
All of the heat of my desire
Smokin' like some crazy fire
Come on here look at me where I stand
Can't you see my heart burnin' in my hands?
Do you want me? Do you not?
Does it feel cold baby? Does it feel hot?
Feel wonderful
Yes I feel
You know what I feel wonderful
