

# Annie Stela, It's You

So when we all took our first breath  
We line up in a row outside  
And passed around a cigarette  
Just babies squinting up at the street light  
Whispering about what's coming next  
And you said  
&quot;Just say you will,  
Just say you will.&quot;  
You will, you will.  
Ohhh, I may be young  
But I know when I love someone  
When I love someone  
You said, &quot;Ohh I may be young&quot;  
But I know when I love someone  
When I love someone  
And it's you  
Our ankles intertwine  
And then your hands are a beginning to my body's end  
We kicked our shoes off and laid down in the grassy lawn  
Still new enough to play pretend  
And you said  
&quot;Just say you will,  
Just say you will.&quot;  
You will, you will.  
Ohhh, I may be young  
But I know when I love someone  
When I love someone  
You said, &quot;Ohh I may be young&quot;  
But I know when I love someone  
When I love someone  
And it's you  
Oh, it's you  
Why did I choose these mistakes?  
These mistakes to make  
Because it's you  
Oh, it's you  
It never changed for me  
It will always be...  
Ohhh, I may be young  
But I know when I love someone  
When I love someone...  
Ohhh, I may be young  
But I know when I love someone  
When I love someone  
And it's you  
Oh, it's you  
Oh, it's you  
Oh, it's you
