

# Annihilator, Burns Like A Buzzsaw Blade

Excess perversion, and we'll never let it end  
You and I are making a private legend  
We've got the hunger, got the thirst  
You want it slow, our bodies glow, nails rake my back  
Tongue licks sweet parade  
Animal lust and it burns like a buzzsaw blade  
Dripping wet, we laugh at this charade  
Screams of love in the air tonight and it burns like a buzzsaw blade  
Gratification, do you want some more  
On the bed, entangled on the floor  
Feel my eyes burn, we writhe until the dawn  
Tease and please, humility is gone  
Tongue licks sweet parade  
Animal lust and it burns like a buzzsaw blade  
Dripping wet, we laugh at this charade  
Screams of love in the air tonight and it burns like a buzzsaw blade  
Come on  
What are you waiting for...  
Excess perversion, and we'll never let it end  
You and I are making a private legend  
Feel my eyes burn, feel everything  
On my knees, but I reign as your king  
Tongue licks sweet parade  
Animal lust and it burns like a buzzsaw blade  
Dripping wet, we laugh at this charade  
Screams of love in the air tonight and it burns like a buzzsaw blade
