

Annihilator, It's You

I'm all alone
Nothing to help me through the night
I wait by the phone
Hoping that everything's alright (alright)
No one can tell you
If it's wrong or if it's right
But how am I supposed to know
There's got to be an answer to ease my soul
Is it you, is it you
I made you a promise
A promise that I never made anyone before
So don't try to push me away
'cause I'll just keep coming back for more
(coming back for more)
No one can tell you
If it's wrong or if it's right
But how am I supposed to know
There's got to be an answer to ease my soul
Is it you, is it you
I want you, I need you
From the bottom of my heart
Just tell me, I just got to know
Can you see me, please believe me
I loved you from the start
Just tell me, I just got to know (got to know)
No one can tell you
If it's wrong or if it's right
But how am I supposed to know
There's got to be an answer to ease my soul
You're the only one who knows
The answer is deep inside
It is you, it's you.
It's you, it's you
God only knows it's you
