

Annihilator, Ritual

I'm your new religion
Penetrate your mind
Focus on your weakness
Victimize your kind
You can call me father
And I can ease your pain
Giving me your deadly sins
And take my name in vein
It's a ritual
I say, it's a ritual
I can take you higher
And we'll soar above the land
Trust in me, I am the savior
Take my hand
Ruler of temptation
I'll satisfy your need
Supply you with the poison
The hell on which you feed
It's a ritual, it's a ritual
I say, it's a ritual
Come on, come on, come on
It's a ritual, a ritual, yeah
Push, shove, taste, love
Push, shove, taste, love
Push, shove, taste, love
Push, shove, taste, love
Push, shove, taste, love
Push, shove, taste, love
Push, shove, taste, love
I'm your new religion
Penetrate your mind
Focus on your weakness
Victimize your kind
I can take you higher
And we'll soar above the land
Trust in me, I am the savior
Take my hand
It's a ritual
Come on, come on, come on
It's a ritual
I say, it's a ritual
Come on, yeah
It's a ritual, a ritual
It's a ritual
It's a ritual
It's a ritual
