

# Annihilator, The Fun Palace

Annihilator  
Bag Of Tricks  
The Fun Palace  
(Extended Mix)

Welcome, I invite you off to the other world  
You'll have to face this house of no escape  
Confront the past, in this psychic house of horrors  
I lead you up the path you'll take

Panic, your conscience lied  
Trapped inside  
Panic, your ultimate nightmare  
Welcome to the fun palace

Panic, just try to scream  
It's only a dream  
Panic, your ultimate nightmare  
Welcome to the palace

Tonight you'll be tried, I invoke the memories  
The guilt to be driven from this unconscious mind  
Young lives that you've denied, behold their faces  
Innocence cut to pieces, just look behind

Panic, your conscience lied  
Trapped inside  
Panic, your ultimate nightmare  
Welcome to the fun palace

Panic, just try to scream  
It's only a dream  
Panic, your ultimate nightmare  
Welcome to the palace

Look at the fun and the games that you've taken away  
Confess!  
Dreams of growing up have been destroyed  
Because of you!

Farewell, I impel you back to your other world  
You'll have to face your every sin  
Take this a painful bounty, representing me  
The keeper of the palace and the secrets held within

Panic, your conscience lied  
Trapped inside  
Panic, your ultimate nightmare  
Welcome to the fun palace

Panic, just try to scream  
It's only a dream  
Panic, your ultimate nightmare  
Welcome to the palace

Goodbye, from the fun palace
