

# Anointed, Send Out A Prayer

You try to say that nothing's wrong  
but my heart can feel right through your camouflaged  
don't try to tell me you'll be strong  
I've been there too I know this road is hard oh yeah  
when the ache feels stronger  
than the strength you feel inside  
it's there in your weakness  
his grace will abide  
Just let me send out a prayer, a cry  
for help to heaven from me  
Just let me send out a prayer,  
Speak hope into despair for you  
Let me send out a prayer for you  
We're to help each other, weather these storms together  
In the name of love.  
That's what friends are all about. Here to help each other out.  
When the push comes to shove. Ohhh.  
I'll pray you through anything that you face.  
Don't worry about a thing. Cuz I'll plead your case.  
Just let me send out a prayer a cry,  
for help to heaven from me. (Send down a prayer, send down a prayer)  
Just let me send down a prayer  
speak hope into despair for you  
No need to worry cuz I'm in your corner.  
No matter how the road may turn. (May turn, ooo yeah, mmmm)  
I'll pray you through anything that you face  
Don't worry about a thing cuz I'll plead your case.  
Send out a prayer, a cry  
for help to heaven from me. (A prayer away, A prayer away)  
Just let me send out a prayer, a cry  
for help to heaven from me. (Send out a prayer, send out a prayer)  
Send out a prayer for you, send out a prayer for you
