

# Anointed, Take Me Back

I don't love you like I used to  
When nothing came between my god and me  
And somehow it seems I've lessened my dependence  
And wonder why it's not the way it used to be  
But I'm ready to learn how to faithfully love you  
With my heart, my soul and my mind  
Take me back, take me back  
To the time I fell in love  
I don't serve you like I used to  
'Cause I'm too busy serving me  
And I don't spend the time with you I need to  
And wonder why my soul cannot find peace  
But I'm ready to learn how to faithfully serve you  
With my hands, my life and my time  
Take me back, take me back  
To the time I fell in love

(Take me back, take me back, take me back there)  
In love  
(Take me back, take me back, take me back there)  
I fell in love  
(Take me back, take me back, take me back there)  
In love  
I don't love you like I used to  
When nothing came between my God and me  
But I'm ready to learn how to faithfully love you  
With my heart, my soul and my mind  
Oh yeah, yeah  
Take me back, oh Lord take me back  
To the time I fell in love  
I fell in love
