

Anosha, Chameleon

Changing all your colours
I can tell the person you really are
Staring with a long tongue
Creeping chameleon
Blending with your background
Thats around you
Telling us to get it
But youll end up all alone, Ohhh
Scared to show the truth (ohh)
Hiding under you (ooO oh)
Purple red and blue
I can see right through you
Yellow black and white
Fell into the skies
You think it doesnt show
You think it doesnt show
You think no body knows
That inside youre just a chameleon
Youre just a chameleon
Youre just a chameleon
Woah ooh
Your sub demeanor isnt really fooling me
Cuz underneath deception
I can see youre really green
I can hear our slither around the cordner
Eyes pointed my way
You think I wont discover your game
But I wont be your prey
Scared to show the truth (oh ohhhh)
Hiding under you (wooo oh)
Purple red and blue
I can see right through you
Yellow black and white
Fell into the sky
You think it doesnt show
You think it doesnt show
You think no body knows that inside
Youre just a chameleon
Youre just a chameleon
Youre just a chameleon
Whoa ooh
But you cant hide from me
Oh-oh oh (Oh)
Oh-oh oh (Oh)
Oh-oh oh (Oh)
Oohhhh
Oh-oh oh (Oh)
Oh-oh oh (Oh)
Oh-oh oh (Oh)
Oohhhh
Purple red and blue
I can see right through you
Yellow black and white
Fell into the sky
You think it doesnt show
You think no body knows that inside
Youre just a chameleon
Youre just a chameleon
Youre just a chameleon
Whoa oohhhhh
