

Another Bad Creation, Jealous Girl

[Chorus:]

Fellas there's a jealous girl in our town ohh baby.

Fellas there's a jealous girl in our town ohh baby.

I know you feel bad about me and my girl

But I gave you the first chance to be in my world

Now you are saying things to keep us apart

I gave you the first chance to be in my heart

When I loved you you didn't love me

Our love had no unity

All you ever told me were lies

It's my girl I know you dispise

[Repeat Chorus:]

Girl I really hope you find another

Cause I can't take no more of you trying to be my lover

You see I've got all I want and all I need

So girl would you please go on and just leave

When I love you you dint love me our love had no unity

All you ever told me were lies

It's my girl I know you dispise

[Repeat Chorus:]
