

Another Black Day, Wicked Soul

Here I am alone...
Broken by my ghosts.
Will They always haunt me when I'm drowning?
Shattered by my pride...
Married to my guilt.
And the road I walk is paved with sorrow
I've lost again
Dark days arise
Will I find the light?
Will you save my wicked soul
If I swear that I'll change my ways ?
Staring at my wounds...
That I once had closed.
Will they always burn me when I'm drowning?
Fighting for my pride
Try to shed my guilt
I've become a vessel for your torment.
I've lost again
Dark days arise
Will I find the light?
Will you save my wicked soul
If I swear that I'll change my ways ?
