

# Another Level, I Can See You In My Mind

Girl, there is nothing I want more  
Than to hear you knocking at my door  
And girl there is not a single thing  
That I wouldn't do just to make it right with you  
Baby I can see you in my mind  
Baby getting closer all the time  
Baby I can see you in my mind  
Baby getting closer al the time  
I just can't stop oh yearning for your love  
Said I'm yearning baby  
All night  
'Cause the minute I saw your face girl  
All night  
Was the second you caught my eye  
And the minute I touched your face girl  
Was the moment I came alive  
Baby I can see you in my mind  
Baby getting closer all the time  
Baby I can see you in my mind  
Baby getting closer al the time
