

Anouk, Broken Glass

(originally by The Why Store)

I'm still walking, I'm still walking in the broken glass.
Somewhere, someday, somewhere, I'm still walking on broken glass.
Slowly he moves, turns the lonely pages in his mind,
A plaintiff with a cause, he's gonna make it through this wonderland
He's gonna live, live through time.yeah..
Gently he moves, careful not to step on the broken glass, he lost the night
before.
He's the one, gonna wonder, gonna wonder if it's right or wrong
He's gonna live, live through time, yeah yeah yeah yeah..
Babyoh yeah, I've got to feel you baby, I'm gonna leave you honey.
There's always something, more I can see
There's always something, something more I can be
There's always something more I can say
There's gonna be a better life for me.
I'm gonna find it someday, yeah!
Somedaysomewheresomeday..
Someday, somewheresomeday, somewhere
Somedaysomewheresomeday somewhere .
Somedaysomeday, somewhere, someday, somewhere, someday, somewhere,
someday, somewhere
I'm gonna leave you baby..Hey hey hey hey hey
Slowly he moves, turns the lonely pages in his mind
A plaintiff with a cause, he's gonna make it through this wonderland
he's gonna live, live through time, yeah yeah yeah yeah..

I'm gonna leave you baby,
I've got to feel you baby,
I'm gonna leave you honey,
I've got to feel you baby,
I'm gonna leave you honey,
I gonna, gonna, gonna, leave you baby,
Feel you baby, feel you baby.I'm already gone..
