

# Anouk, Wait & See

I feel completely disconnected from the world I'm living in  
I try to understand, the way I'm thinking  
Keep all options open, I'd rather wait and see  
What's gonna happen next  
yeah I like to wait and see  
what's gonna happen next  
yeah I like to wait

I choke on all the information  
That keeps getting thrown at me  
How do you decide, what to do  
With all the complications, all the doubts  
Do you want it with or without

So now you just wait and see... hey  
Now you just wait

Please don't be mad  
But I already miss you  
It doesn't matter anyway  
I hope you missed your.. your runaway train

I wake to find myself asleep  
weiry of life  
I laugh, I'll moan, I'll cry  
And I'll try not to wait

Please don't be mad  
But I already miss you  
It doesn't matter anyway  
I hope you missed your.. your runaway train

No don't be mad  
Cause I already miss you  
It doesn't matter anyway  
Let's hope you missed your.. your runaway train

I laugh, I'll moan, I'll cry  
Your runaway train  
I laugh, I'll moan, I'll cry  
But anyway  
I laugh, I'll moan, I'll cry  
I already miss you, yeah  
I laugh, I'll moan, I'll cry  
It's such a shame  
I laugh, I'll moan, I'll cry  
Anyway  
I laugh, I'll moan, I'll cry  
I already yeah  
I already  
I already miss you yeah  
I already miss you yeah yeah yeah  
I already miss you yeah  
And I, I, I..  
I already miss you yeah

I feel completely diconnected from the world I'm living in  
I try to understand, the way I'm thinking  
Keep all options open, I'd rather wait and see  
What's gonna happen next
