

Anshelle, Somebody Special

Anshelle
Part Of The Game
Somebody Special

I've been around the world, to many foreign places
and I have heard a lot of tales
I talked to people about life and love and sorrows
a thousand times in a hundred different ways

but when I talk to you it feels so different
you were a stranger and now you are so close
and I'm glad that you're somebody really special
so take this song I have composed... for you

you're somebody not nobody
you're somebody not nobody
and you will always be, somebody special to me

you're somebody...

I remember when we met and all that happened
I've known you for quite a long time
and when I'm feeling down your smile is like a rainbow
a thousand times in a hundred different ways

and even if you're not around in person
still, you are with me, carrying me along
so let me thank you for all your inspiration
I hope this friendship will go on... do you?

you're somebody not nobody
you're somebody not nobody
and you will always be, somebody special to me

you're somebody...

somebody special - in a thousand different ways
somebody special - that's what you are
somebody special - in all that we've been through
somebody special - I found a friend in you

you're somebody...
