

Anshelle, When You Were Mine

Anshelle
Part Of The Game
When You Were Mine
take that girl if you want boy
I hope she's treating you fine
I hope she's making you happy
and remember when you were mine

when I heard this tale it was quite a big surprise
and it seemed to me like the biggest joke of life
anyway, I'm glad that you found somebody new
if you need a friend I am always there for you

one soul, one mind, soul-mates
one soul, one mind, when you were mine

take that girl...

I don't like this girl and she doesn't like me
this might never change, I don't know but we will see
let us all go on and just leave the past behind
anywhere I go I will keep you in my mind

one soul... take that girl...

from time to time I go crazy
I feel like I'm breaking down
a kind of madness just kills me
and I'm losing ground, but...

I hope she's treating you fine
and remember when you were mine

take that girl...
