Let Me Be Your Fantasy

Over and over I stare at the sea

I'm seeing your river baby

tears on my face, what can it be

I'm facin' the story of you and I

I remember when love used to fly

Take your time,

Dreams take time to become reality

Let me be your fantasy

Deep within your dreams is where I wanna be

Let me be your fantasy

And your fantasy'll be soon reality

I wanna be your fantasy

Never say never, I'm wonderin' why

Is it love when you hurt somebody?

Unspoken words 'n' love's going by

I'm facin' the story of you and I

I remember when love used to fly

Take your time,

Dreams take time to become reality

Let me be your fantasy so

Take me up and down and round and round

Just like a yo-yo

Let me be your fantasy so

Take me up and down and round and round

I wanna be your fantasy
