

# Antares, Ride On A Meteorite

I'm jammin' on the moon  
Grooven' to jam and spoon  
I want to bring to thee  
Dreams of reality  
I wanna take you high  
Me floating in the sky  
I wanted you to see  
Dreams of (are) reality  
chorus  
I'll take you for a ride  
Ride on a meteorite  
I'll take you for a ride  
I make you trip on extasy!  
I'll take you for a ride  
Ride on a meteorite  
i'll take you for a ride  
Fuck-en trip on extasy!
