

Antares Vs Bigroom Society, Ride On A Meteorite

I'm jammin' on the moon
Groovin' to Jam & Spoon
I want to bring to thee
Dreams of reality
I wanna take you high
Me floating in the sky
I wanted you to see
Dreams of reality
I'll take you for a ride
Ride on a meteorite
I'll take you for a ride
I make you trip on ecstasy
I'll take you for a ride
Ride on a meteorite
I'll take you for a ride
Fuckin' trip in ecstasy
Ah to the Z, to the Z, to the Z men
Finger licking good cause it tastes like jam
Boom up dawn on the dancefloor
Everybody's sing'en and they ask for more
Take a ride, take a ride
Take a ride on a meteorite
Dreams are reality
Fuckin' trip in ecstasy
The old man, he played one
He knick-knacks on my thumb
With a knick-knack paddy wack
Give the dog a bone
The old man came rolling home
Take a ride, take a ride
Take a ride on a meteorite
Dreams are reality
Fuckin' trip in ecstasy
