

Anthem, Say Anything

here i am on
the phone again
an awkward silence is
on the other end

i used to know the sound
of a smile in your voice
but right now (right now)
all i feel (all i feel)
is the pain of fighting
starting up again

all the things we talk about
you know they stay on my mind
on my mind
all the things we laugh about
they'll bring us through it every time
after time, after time

dont say a word
i know you feel the same
just give me a sign
say anything, say anything
please dont walk away
i know you wanna stay
just give me a sign
say anything, say anything

some say that time changes
best friends can become strangers
but i dont want that
no not for you
if you just stay with me we can make it through

so here we are again
the same old arguments
and now im wondering
if things'll ever change and

when will you laugh again
laugh like you did back when
we made noise til 3 am
and the neighbors would complain

all the things we talk about
you know they stay on my mind
on my mind
all the things we laugh about
they'll bring us through it every time
after time, after time

dont say a word
i know you feel the same
just give me a sign
say anything, say anything
please dont walk away
i know you wanna stay
just give me a sign
say anything, say anything

im fallin
im fallin
im fallin down

im fallin
im fallin
im fallin down

down down down

dont say a word
i know you feel the same
just give me a sign
say anything, say anything
please dont walk away
i know you wanna stay
just give me a si
