

Anthony Callea, Hurts So Bad

You're an obsession now
Night after night I think of you
A little mysterious
You're hot like the sun but you're cool like the moon

It would be easier
If I could only read your mind
Not knowing is killing me
Are you trying to be cruel 'cause I'm dying inside

(Chorus)
Do you know what you're doing when you walk like that
Do you mean what you're saying when you talk like that
Did you steal my heart because you knew you could
How could something feel so good
When it hurts so bad

Are you insatiable
How many hearts are on your list
When will you let me know
Am I touching your soul when I'm kissing your lips

Do you believe in love
Or are you making other plans
You're making it hard for me
I know what I'm feeling but I don't understand

(Chorus)

What can I do to make you understand
You've got to know you're my one and only
You're all that I need, baby all that I have
How can it hurt so bad

(chours until fade out)
