

# Anthony Connors, Let Me Be

People at school , they like to stair  
Bullying is one big night mare  
i cry at night not wanting to go to school  
kids and teachers are so cruel  
hey kids whats with the silence  
tell somebody to stop the voilence.  
I can see why your bullying me so why  
dont you just let me be  
you have your own problem to solve  
so stop getting involved  
you can try to make me cry  
but i just still dont know why  
you can take anything from me  
but you cant take away my dignity  
i can hear your call and i dont wanna hear it no more  
I can see why your bullying me so why  
dont you just let me be  
you have your own problem to solve  
so stop getting involved  
I can see why your bullying me so why  
dont you just let me be  
you have your own problem to solve  
so stop getting involved
