Anthony Evans, Even More

Why does it take blue skies that turn to gray Before I have something to tell You about I'm gonna change the way that I pray And turn it inside out So now when I say I need You It's not the way it was before Your glory became what my heart is beating for I need You even more, yeah Sometimes it seems, I'm serving You just for me Sometimes I'm blinded by the things that I think I need Time after time You opened my eyes Then take them off of me So now when I say I need You It's not the way it was before Your glory became what my heart is beating for All my own desires They seem to fade away In the power of the moment When I say (I need You) When I say I need You It's not the way it was before Your glory became what my heart is beating for So now when I say I need You It's not the way it was before Your glory became what my heart is beating for I need You even more I need You even more

Why does it take blue skies that turn to gray
